“ Grandmaw, we had some really good times together with Christmas eve dinners at our house ,your short trips to the beach to visit and bringing one of your super coconut cakes and a pork shoulder! " The double birthdays the great grandsons enjoyed ". You just can't beat a Super Grandmaw that brought so much joy and kindness to the ones she loved. Your strength to cope with all the sorrow you had to deal with was an inspiration to us all and we will never forget you. We were so happy to have you and Kent in our family. May the Good Lord bless and keep you with your family, filled with love, joy,and the peace you so well deserve. We love and miss you. Thanks for the wonderful memories ! Love you, Kathee and Terry Collett ,Col. Hgts. VA.

“ We are deeply sadden to hear of the passing of our dear and beloved friend Jesse. She was a dear friend to my Mother before and during her illness, after my mother's passing we adopted her and called her Aunt Jesse. We loved taking her on our trips, she was so much fun to be with, no one would have ever guessed her age. She was a very loving and giving lady. My Mother will now have her dear friend with her in heaven. We love you Aunt Jesse and will miss you.

“ Grandma, I remember you in that royal blue dress that Sara mentioned like it was yesterday. You looked so beautiful with that sweet smile of yours. I am thankful God brought you into my life, it is a privilege and honor to call you Grandma. We have laughed and cried together, you have shared your vast knowledge with me making my life better by being a part of your life. I will cherish all the wonderful memories you have given me. You are one of a kind, a truly amazing remarkable woman. John and James were blessed to have a Great Grandma as special as you! We will miss you so much but find comfort in knowing that you are with your family. We love you.

“ I'm so grateful that I was able to chat with/write to Jessie over these last few years. She cracked me up when she told me the story that ended with, "And I told Tom that he wasn't worth 2 sandwiches." I'm sure she shared that story with others, so I hope this reminder brings a smile. She was a one of a kind. I called her out of the blue as a virtual stranger and before we hung up, I felt like we'd known each other for years. I will miss her.

“ Jessie, I've known you for more than 50 years and can't imagine you not being around. Although I was away from the family for a long time, you never forgot me or pushed me aside. It was a joy to be in Kernersville and be able to be with you and Kent again. Saying I'll miss you seems so insignificant but I will. My girls loved you dearly, even my younger daughter (your adopted granddaughter) and my grandchildren . Your wicked sense of humor was right up my alley and our talks about 'the Zoo and the Circus' were a treat. I'll say Godspeed sweet lady and we will meet again.

“ Our condolences go out to the family of Jessie. We will miss her as well and have the fond memories of going with her and other members of our family to Cherokee several times. She was a lot of fun to be with and we always thought of her as a "young" 93 year old. She was a great friend to our Mother and Mother-in-Law Irma Carswell. Ronnie and Janice Carswell

“ She was such a wonderful person. I couldn't have asked for a better adopted grandma. I loved her like my own, and so did the girls. Anslee loved to dance for her, and I can hear her telling mom to "bring me that baby" (Aubree) She is greatly missed.

“ Grandma, you look so nice in that royal blue dress you wore for Lindsey's wedding! You have left a big hole in our family. Not only are we adrift, but you have so many wonderful friends that are trying to imagine life without you in it. Your girls from Atlanta are heartbroken. They cherish the fun memories ya'll made golfing and enjoying each other's company. Your friends in Kernersville from Real Estate are missing you as are many other friends including Marilyn, Jo, Pete, Janie, Barbara, Marie, Wayne, Terry & Vicky. A lot of them have stopped by my house to express their grief and make sure this is real. Your nieces and nephews, sisters in law Mamie and Connie are being supported by each other and their family. Your grandchildren, daughters in law, great grandchildren (and your many "adopted" grandchildren/great grandchildren) are clinging to each other and sharing how you impacted our lives for the better. We know you've been reunited with grandpa, dad, Jane, Ray, Sarah, your brothers, mother and father, and that makes it just a little bit easier to bear...I've said to anyone who will listen I would give just about anything to have one more day, one more hour with you. So I will learn from this experience and try to remember that when I'm with those I love, it may be the last time. I am heartbroken and I love you.

“ Sweet Jessie.... a special person that as Sara said, I am better off to have known. She treated me like a friend not just her "beautician". Friday mornings will never be the same without thoes twinkling eyes and lilting voice saying "Love you".  
Rest in heaven Jessie, you will be missed here deeply.

“ Our precious Aunt Jessie. How our hearts are broken at your passing. This is like a bad dream and I want to wake up. I will miss you so much, your witty ways, your loving presence and your class as an amazing human being. We love you so much. Please know I will see you again and what a reunion that will be.

You have made heaven a better place. We all were blessed to have you in our lives and thank you for the honor of calling you friend. Love you so much
