“ We had met April just a few times and she was such a fun bright light with a terrific personality. We hope that those who she leaves behind will be lifted by all the wonderful memories.

“ We are so saddened by the passing of April. Whenever we would see April at Grandma and Grandpa Gauldin's, she always had that contagious smile that could light up any room and always seem to care more about how you were doing rather than talking about herself. She was a great mother to Megan and Lauren and a loving wife to Brian. Sending our love to Brian and the children.

So sad for you all. I didn't know April well but every time I visited Kathy and Homer she came to visit with us and we so enjoyed it. She was a wonderful person to be around. Our prayers are with the family during this grieving period. You know that Mom, Jean, would be with you all if it was possible. She sends her love as well as us and many prayers for the family.

It was my pleasure to have had the opportunity to meet April she was a sweet lady, and she is married to a great man Brian I've know Brian's family for some years now. My wife Janet worked with April and she and April had some good times and laughs together it breaks our hearts to see good people pass on, but God has a beautiful place for us all who trust and have faith in him. God bless you all.

“ April was always full of joy and excitement. She loved sharing her “finds” with us each time we visited. On our last visit, just prior to the pandemic, she lovingly gave us a house tour of her home and presented us with a delicious coconut cream cake. Loving you until we see you again April, we know you are laughing and smiling

“ *In 1998, this most precious friend, as she came to be to me, came to work for AllCare Home Health as the Office Manager and I was the only nurse. She and I and the aide who worked with us all, were like The Three Muskateers. I always told April she could make a dog laugh...and she could. We could be sitting around waiting for the phone to ring or so busy we just passed each other in the office, she knew just what to say to keep our spirits up and keep us on task. I remember holding Megan when she was first home from the hospital and attending every birthday party for her until she stopped having them with her mom's friends, I was at her wedding when she married her beloved Brian and I saw her frequently and we spoke of her love for her family. I am so broken hearted that we have lost our good friend and Angel on earth. I pray that The Lord will reach down and wrap His loving arms around April's family and bring them comfort and peace. I know my sweet friend...I know she will be keeping an eye on her girls from Heaven. I just pray she includes her friends in that as well. I love you 'ol girl. You are going to be missed more that you can possibly know. I'm sure Danny met you at the gate. He'll show you aroung Heaven. Tell hime how much his ma misses him. I love you, April.*
