“ I grew up knowing "Devon", then one tax season I worked for H & R Block during the daytime. I kept seeing a name plate on a desk that read "Barry Hamlett". Finally one day I saw "Barry" come in at the same time I was working. That's when I found out who "Barry" was, all along it was Devon. :-)

My heart was breaking when I heard about the loss of Devon. Devon you will always hold a very special place in my heart. I truly believe my love for softball came from you. When you were in the military, you would come home on leave and come by to see my mother. You would take the time to play ball with this little girl, and gave me my first ball glove. Later you would coach the team I played on. I will never forget you. I know that our loss is heaven's gain. Until we meet again. Keeping the family in my prayers. Sending my love to all.
