“ Bobby sure did love to wear hats. As a man who loves to wear hats... we shared a special bond. One day i brought him a brand new Liberty University cap in honor of my Alma Matter. Betty told me that every time he wore it he remembered that I gave it to him. He'd say, "whats the name of the fella that gave me this hat?" She'd say, "Shevi... like the car, Chevrolet." He'd say, "well how do you expect me to remember that when i can't even remember Chevrolet."

Bobby also had one of the best personalities. No matter how dire the situation was with his health, or whether he was having a good day or a bad day he always had jokes a plenty. My favorite was when I'd ask him what he was up to. He'd point over at Betty and say, "whatever she tells me to do."

I'm honored to have known you these past four years. I'll miss you brother, but I know that I'll see you again and until then, I'll make sure Betty is doing just fine.

“ *Betty, we want you to know how sad we are to hear about Bob. He did my Mom's and Dad's wrought iron work around their house, and he was known to be the best in his business. I know your heart is broken, but you were his sunshine. Prayers for strength and comfort at this time.*
