“ *To the family of Christopher "Brad" Campbell, there are no words to express my empathy for this humble giant. I worked with Campbell as an officer at Green Rock and I was saddened to hear of the horrific accident. We as humans often ask why me, I have learned never to question what God allows. Its difficult and you will be in my prayers. As a parent you should never have to bury your child and I know your hearts are heavy. Please look to the hills and lean on the only arms that can hold you and give you peace in the days to come. The Lord wants to hear from you.*

“ I met Brad one night, it was my junior year in high school and I went to prom with a senior, needless to say the night didn't go as planned and Brad and Russell made sure I made it home safe and he became an instant friend. I had t spoken to Brad in years but he was such a light no matter where he was. It made my heart so sad to hear of the news but I know that he's up there in heaven shining his light for the Lord and the Lord's plan will prevail and shine through the pain of this loss. Praying for all his family and friends during this time of loss.

“ *The world got a little sadder today. I worked with Brad at Green Rock and it was always great to see him because, as someone else mentioned, he had that 'easy going smile'. I remember the day he told me he was going to drive race cars and how happy it made him. You could actually share happiness with him. That's the type of person he was. Him and his happiness will surely be missed.*

“ *Working with Brad as an Officer was a good experience. He would have you laughing in no time and he was a good man. He enjoyed helping people and would share those experiences with you. I know he followed the path he so desired, and that was racing. Rest easy my friend your tour of duty is done. My sincere condolences to the family. May God comfort you in the days ahead and ease your pain. I am so very sorry for your loss.*
