“ I met Danny a long time ago when i was just a young teen. We met at the skating rink. I've seen Danny off and on over the years, had him do some welding for me. We would see each other at the grocery store a lot. He was a good man. I passed his shop last week and noticed it was all cleaned out and thought maybe he decided to retire. This was a shock to me. RIP old friend, until we meet again. I am so sorry to his family.

“ Danny was one of the first locals I met here. He showed up at my driveway one day asking about my pony. He told me he helped build the home I own. He would visit once or twice a month. He would always offer to help us somehow. My son helped him finish up some work projects when his health was declining.. the last time he came by to chat he confided in me that he was very sick and worried, I just didn't know how bad. I'm so sorry for your loss we will miss seeing him come down the driveway to visit us ... he was a kind man with such a giving heart. My family was honored to know him and we are sending prayers to your family for the huge loss of a wonderful man.

“ I first met Danny and Isis and Adriel, Daniel, and Heather when I was just a kid. My dad quickly befriended the family and we all wound up next door neighbors all throughout my childhood. Many good memories I'll always cherish. Praying for my second family may God give y'all strength and peace. Rest easy Danny or as I always said Mr. Moyer. Tell my dad I said hello I know there's a great reunion up in that sky. 🕊️

“ I have known Danny for many years. I befriended him at lunch one day. We became friends and had many conversations solving the problems of the world. We talked about eating Crappie and how good it was along with the old times and how our mommas and grandmas cooked our favorite meals. I will miss his friendly face and his southern hospitality. God Bless Danny and God Bless his family. The lord has Danny now and I bet he is getting an ear full.

“ I've known Danny since I was a young teen. He was my first boyfriend. We double dated with his brother Glenn. He helped my dad pull tobacco and let me drive his car once. They don't make many like Danny a true country boy. I remember how proud he was when he showed me a picture of his granddaughter. My heartfelt sympathy goes out to his family and loved ones. You are in my prayers. Judy Bolling Amburn.

I was a friend of Danny's. We went to a few Drag Racing events at Z-Max in Concord N.C. He was a Good Man & I will Mis Him. He helped me when I needed help back in the day. I will NEVER forget his friendship. I have lots of photos of the Hot Rods he bought and we fixed up a bit, before selling them. He was the Best Iron Worker I have ever known, & could fabricate anything, especially Iron Gates & iron fences. I will miss you my old friend. We will meet again, Save A Place For Me At The Table Danny.
God Bless & Rest In Peace.

“ I have known Danny for 30 years. I first met him when I was Mgr for Herb Setliff at Quik Chek on Worsham St., he would get food from us and also did occasional welding work we needed. Over the years I had him do some welding and most recently talking politics with him at Sam's Club. He always shook my hand and I always enjoyed talking with him. He and I seen America alike. Such a good man and friend, I had just had a great conversation with him a few days before he passed away. I will definitely miss him. May God comfort his family and friends during this difficult time. ❤️🙏🇺🇸
