“ *Dino, you were such a good soul! You have helped me a lot of times over 38 years...could not have done without you at times, and you know I thanked you for being my friend/vice versa. i could call you if I was troubled and you would listen, I would listen to your troubles too. I could always count on you being there as my phone friend...and that is what you always called me. You would also say love you darling when we would hang up because that is what friendship is all about. I will always miss you my dear friend!!!*
