“Pop Pop, I just want you to know that while on the farm this past week there was an almost constant, yet ever so gentle breeze and I felt your presence. The sunsets were Hokie orange and maroon and I knew you were there with me - with us, and you will always be with us. The life lessons you've taught us, as well as showing us that it's the little things that matter most, will carry us through as we remember you. Dana mentioned the fishing, the wood splitting, the tractor rides, the HOT DOG! And the way only you could make eating an art form -you took equal portions of each item on your plate steadying them on your fork with your biscuit and in doing so, had the perfect bite EVERY time. That shows great care, attention to detail and a patience that few people today possess. You wrote us countless letters telling us how proud you were of us and how much you loved us. And we love you, so very much! Continue to watch over us until we can be together again. I MISS YOU.

“ I will miss you dearly Pop Pop. Thank you for teaching me to fish, work in the garden and enjoy Hokie football. I will hold onto my precious memories of the farm, summers at the beach, you dancing with Granny, Christmas' with good food and you leading the family in prayer. I pray you are at a place of peace. Love always, your granddaughter Jamie.

“ Pop Pop - I left Sunday knowing the end was near - but it is still hard to imagine this world without your gentle smile, the twinkle in your eye and hearing "HOT DOG!!" whenever things are going right. Some people in this world never know the love of a grandparent. However, I count myself blessed so many times over to have had you in my life as a constant source of strength and comfort for 42 years. I will forever cherish the love and support you've given me throughout my life. Carving pumpkins on my birthday, catching fireflies in mason jars, fishing in the pond, spending time at the farm and countless football games. Your chore list was your gentle way of spending time with us and I even cherished that! Splitting wood, riding the tractor through the garden - planting those pecan trees - going to Paul's for a soda and lottery tickets - Kentucky Derby bets and the many, many other good times we've shared. I know you are at peace now, watching over us all and I just hope you know how thankful I am that I was your granddaughter, much I love you and how much I will miss you already.
