This is John's long-time friend Rachel. He and I met in Cincinnati many, many years ago and we stayed in touch all this time, even after I moved to California. A few days ago I learned of his passing only because I tried to call him and sadly found both his numbers out of service. John was very dear to me - as he was to so many people in his life. I would dearly love to talk with his sister Judy, but have found no way to get her number. So, dear Judy, if you would call me, I'll be grateful. My number is 510-459-8820. With all my heart, your friend Rachel Starosky

“ Hello, This is Judy Richardson Jarvis. Even though I have not seen John in years, when I think of him I always think of him in high school (along with Judy of course), his big smile and dynamic personally. He was contagious around others. I'm so sorry you have lost your son, brother and best friend. My prayers go out to all of you and you will be in my thoughts and prayers for days to come. :)

“ To the Tuck Family,
I was so sorry to hear of John's passing. Of course I knew him from us attending high school together and my husband worked with him at Dan River Mills. When we were in school we used to talk from time to time. Once he surprised me at Christmas by giving me a small decorative jewelry container that I still have today. After graduation life took us in different directions but because we lived in the same town, our paths would cross from time to time. We would always stop to speak briefly even though one of us (and sometimes both of us) seemed to be on a mission that gave us little time to speak. I was so proud of his success in teaching. As a teacher myself, I was more proud of John that he was able to accomplish this latter in life. But that was John!

I was unable to come to the funeral but I did go by the day before and spent a lengthy time there. After looking at all the beautiful flowers (and reading each card) and watching the video of his life, I said my good-byes. I know how hard this is for your family as I, too, lost a brother in death a few years ago. The memories you hold will sustain you along with your faith in God. Please know that my prayers are with you all. John will not be forgotten!

“ John Tuck and I met many years ago working at Grove Park Elementary School. We shared a Small Group Reading Classroom. He was a great teacher and loved to see students learn. His voice was engaging.

John 's smile and energy was wonderful, and he was so full of life. He would always share his adventures on his many many cruises. I will always remember how he loved people regardless of race , creed, culture etc.

“ *It is so hard to believe that John is gone. My family and I have so many wonderful memories that we shared with him. We spent many family vacations together and so many good times at Emerald Isle. Christmas was always special because he always read a story to our children. John and I always talked about our love of the Young and the Restless and he was always genuinely interested in how my boys were doing in school . I'm so happy I was able to spend time with John in February for my birthday. Always a good time when he was present!! I love you and I will truly miss you my sweet friend!*

“ My deepest sympathies to John's family. A couple of you will remember me. I taught English at Tunstall when you were there. I directed "Tiger" in VISIT TO A SMALL PLANET. How super he was, and what a good friend he became. John was just a great person and friend to everyone. I did keep in touch some through the years, but not enough. I loved the talks we did have on the phone and wish I could have come up to see him. I could tell in our phone conversations what a good teacher he had to be. John believed in what he did, and he believed in everybody. And he certainly did believe in equal rights for all. I will very much miss John. And I wish for the family a great comfort in your loss. I know how he loved you.

“ It’s not fair when a wonderful & kind person as Johnny is taken from us so soon. I always knew how special Johnny was! He always had kind words to say & always welcome you with a big smile & hug! Marylou & I went to see aunt Norma & it was Johnny’s turn to be there, it was about 2:00 in the afternoon Johnny was still in his pajamas & said it was laundry day, so we sat for the next 3 hours Johnny still in his pajamas just talking. It was so much fun Johnny always made it that way. I miss & love you cousin Johnny! It will never be the same going to Danville.

“ Since last Wednesday upon hearing of my friend John in ICU, I honestly have not been able to put it all together. Being friends with John for 38 years, 18 of which I live one block away from him gave us many days and evenings together. He was a simple man but his heart and soul were pure, a gift not often seen. To be able to sit on his front porch surrounded by his many plants, hanging baskets, caladiums talking about the first things that pops up were the days when you knew friendship was real, with value. Never did he not tell me "I Love You" whether we were coming or going. His friendship was real because he made you feel that love. I know in the near future I will be able to get it all together for it will be that time when I could have used his hugs and words of comfort and love. John arrived to his Home just a little before any of us did. When my time comes I want to believe he will be there greeting me with that big hug. I can hear him say now, "What took you so long, let me show you my mansion."

“ To my Tuck family, I am so very sad and sorry for the loss of Johnny. He was so full of life and love in his heart for all around him. There was never a time that I saw him that he didn't make me laugh and uplift me. He also would whisper little secret childhood memories in my ear that usually concerned Buster and Jenny and the pranks we played on them. But my most precious memory was when I moved back to Danville and Andrew my son was going to be in first grade at schoolfield elementary and Johnny took Andrew under his wing and reassured me that he would be there for Andrew and he absolutely was. Also every time I ran into Johnny he always asked about Andrew and was so proud that he went into the Marines.
