“ Mrs. Bradley was a wonderful caring & compassionate nurse. She was the epitome of a great supervisor leading by example, hands on & willingly sharing her vast experience to provide the best possible outcome for the patient. She didn’t leave you hanging & NEVER hesitated to be in the thick of a situation because the ultimate goal: patient’s optimum outcome. She had a ready smile & a great laugh. When she was the supervisor you knew regardless of what came down the pike you were going to have a good shift.
