“ I had no idea that Karen had passed. I first met Karen at DAN River Mills Research and Development and then worked with her again at DISSTON. She was sweet and crazy and funny and lived to fight and laugh! I can see her little twist when she walked now! I will never forget the time she came to work with Teresa Grey's hair that she had ripped out the girl's head in a fight over Hampton! Karen was a great big personality in a tiny body! To know her was to love her!
