“ My family moved down from the street from the Hawkins family back in the '60s. Frank was a true friend to my father and Jane was one of the only people who still visited my mother when she was ill for so long before her death. You just could not ask for a better friend than Frank nor could you find a better family than his family. The world has lost a real treasure, a soul filled with love, kindness, fun and music. I know my Mom is enjoying listening to Frank play guitar for her up there right now.

I guess you and I will not be doing any more rides in a 1958 Chevy Impala. It has been a long ride for both of us. You will be missed Brother!

“ *My Uncle Frank was one of the most entertaining people I ever met. I always loved spending time with him because i knew that he would keep me rolling and my sides would be hurting. He could pick a tune and tell a joke with the best of them. Miss him already.*
