“ I just learned of Landon’s passing today and it filled me with great sadness. I had the privilege of working with Landon when I was VP of Support Services at Moses Cone Hospital. A better person I will never know. I know he must be terribly missed. Belated condolences to his family. May his memory continue to be a blessing to you and all who knew him.

“ Landon had a way about him that just made him so loveable. He was kind soft spoken and really sweet. When I first met him I was so excited to be able to say I had a brother even though he was a step brother he never made you feel any less than family. I am sad and heartbroken.

“ Landon was a wonderful man. I have many memories of him from my teenage years. I still have the cameo necklace he gave me for Christmas one year. Although we saw each other very little after Wesley passed, he and I kept in touch from time to time. He was my brother and I will miss him. I am so sorry for your loss. My prayers are with you. God Bless.

“ *I knew Landon when he worked at Moses Cone in Facility Management. I was a nurse there and would see him around the hospital. He was always friendly and outgoing and took care of any requests we had. My thoughts and prayers are with his family and friends. “ *Landon was a good friend through the NCHEA. He was a staunch supporter of the Association as well as the field of healthcare facility management. He knew his business. When Landon spoke on a topic in facility management everyone would listen. I remember Landon's laugh, for me it was infectious. Landon will be missed.*

“ Landon was a great guy and the best friend you could ever have. Even when I knew he had health issues that I wanted to discuss with him, he would always redirect the conversation to "How are your grandbabies doing?" He never complained and always had a way to make any situation into an excuse to laugh. I will miss him as long as I live. He was one of the great ones!
