“ Please accept my sympathy to your family during the loss of L.P. I worked with him for ten years and was saddened to learn of his passing. I am thankful I had the opportunity to work with and talk with him. He was special indeed, but of course, you as his family already know that. Sometimes when I was working late, he would be outside. I asked if he was watching me to get to my car safely and he said yes. Cherish your memories and may God be your comfort during this time.
