“ Was deeply saddened to learn of Lauren's sickness and passing, I don't get the local newspaper and I only learned of her death after talking with mom after the visitation. I thought a lot of Lauren and shared a lot of good times in the late seventies and early eighties with our families out at the radio control airplane field as well as dinners and get togethers! Wayne, Lisa and Cynthia, you are in my thoughts and prayers...I've been through this and wished I had magic words to make it easier but they don't exist! Godspeed, Lauren!

“ *Not even sure where to begin but I must start somewhere so here goes. Lauren was and always will be thought of as my adoptive mother. I spent many a weekends with her daughters Lisa and Cynthia and she always spent lots of time with me and was always interested in whatever it was I wanted to talk about! Which as a teenager was usually either boys or family! She grew up knowing my stepfather which used to live beside her. She was always full of humor and compassion and whenever I needed her she was always there! During the last fifteen years or so I've been so busy raising my own family we haven't saw much of each other much but I know that if I needed to talk or just a hug from her all I would have to do is call and she would have been there cause that is what kind of person she was! I will miss you Lauren and I'm sure your girls will watch out for Wayne and make sure he is okay! Rest easy and know you will be missed by so many people but by me especially ! Love to all her family and know that each day will get a little easier to bare but let those beautiful memories come, cry those tears and remember the beautiful person she was and know she will live on forever in your hearts♥Love all of you*
