“ I really miss you alot, you were like a second mother to me. I used to spend so much time with you and jessie that I considered you my family. I dont have any pics to share because alot has happened in the last few years and ive had to start over but your memory will always live in my heart and mind. I'll never forget staying up at night and sitting in your computer room with you and watching you play age of empires, or you and jessie teaching me how to can foods and make beef Jerky. I love you and I always will. Gone but NEVER forgotten.
