“*Julie and I send our deepest sympathies to Anita, Laura, Mike Jr. and and the remainder of the Tuck family. Lots of lives, including my own, are better for having known Mike Tuck. I worked closely with Mike for many years while he was at VCE, and we became good friends. We talked lots about family, both his and mine. He deeply cared for them all, as well as those that worked with him. I have missed his friendship, but have lots of good memories. Having a cold one for you tonight, my friend.*

*Margo.....I just wanted you to know that every time I spoke with my dad or saw him, I asked about my "real DOC/VCE family"...and how much you helped us through the adjustment and loss of Roanoke to Richmond. How much you know you were a great friend. As I drove through Richmond, I thought Dad made everyone part of his circle but he spent the most time/loved the most his "family".. Thank you for the gift of your friendship to my dad and myself ... Laura*

“ *I want to extend my sympathy to Mike's family. I worked with Mike for several years as a delivery driver for VCE. We shared day to day stories about things that went on in the furniture business and had some good meals together. I miss those days.*
