“ I was fortunate to be one of his students & colleagues, which means there are stories that can be repeated and some that remain silent. Regardless, he was a paragon of knowledge and pillar of strength, blended with smiles and respect. God offer you comfort during this time and the days that follow. I had the privilege of knowing Dr. McCubbins through DCC many years ago. He certainly had a great impact on my life through his teaching and his friendship. I would also like to say that his family had a tremendous generosity in their donation of Tunstall Fire and Rescue's new building in 2008. To his family, our thoughts and prayers are with you.
