“ *Becky was my aunt. The last survivor of her generation in the amazing Bertha and Edgar Green family. Although she was never married and never had any children of her own, as each of her nieces and nephews lost their mothers, Becky became our mother! In the end she had many children who loved her so dearly and will miss her cheerful face and great sense of humor. We will cherish our memories of Becky always! We love her and miss her, but we know she is enjoying a great family reunion with those who went before her. Becky, please give them all a hug and kiss from all of us left behind!*
