“ Tammy will always be remembered for her free spirit. I always loved her and thought the world of her she was the first one I got close to in the family. She loved everybody and I will never forget her. Y'all are in my prayers. May God send you peace and comfort during this difficult time.

“ I met Tammy years ago when she became my new neighbor. We quickly became good friends that shared many of the same interest, laughs together, acting silly and girls night out together. I hated finding out she had been diagnosed with cancer and so glad I got to visit and talk with her a few weeks ago. She was a great person with a huge heart & spirit. She had a way about her that would make me smile or laugh when I felt like crying. I just wish I could've had more visits to share with her before she went to live out her eternal life. She will be missed by those that got to know her as I know I will. My prayers for her family as I am so sorry for your great loss. Rest in peace my good friend as one day we all shall see and be with you again.
