“ You will never be forgotten My Friend...so many good memories, to many to even try to share. Your heart was so big and you cared for so many people in your lifetime....and you loved your children more than life itself...Go and Rest in Peace and dance across heaven with what was taken away from you here on earth...Prayers for those you left behind.

“ Tommy I will. Miss you so much we were more like brother and sister instead of cousins. I am so happy that you called me from the hospital a few weeks ago. We talked for hrs. I am so happy that for a moment in time it stood still for us to remember our growing up and our health issues and more. Out of that talk I am so happy that we know God and where our finial home is. Rest easy sweet cousin till we meet again. To your family please know that my prayers are with you amad know our loved one is in a better place and My prayers are with you till you meet him again.
