“ I had the opportunity to work with Tim in the Danville Fire Department. I enjoyed working with him and appreciated his insight and humor; we had great conversations. During that time together, we fought some pretty advanced fires. He was a good Firefighter. I've been reflecting on those times and him these recent days and am thankful I had that opportunity.

Prayers of Comfort and Peace for You All

I think of all those weekends we spent cruising Riverside Dr and Pittsylvania County on your dad's car until you did a "James Bond" turn on Apollo Ave by pulling up the Emergency brake and we hit the curving breaking the front axle. Those days of meeting after school at MA Possums with the rest of the guys and all those meals we ate free at Long River. Rest in peace my good friend.

The first time I met Tim was the first day he started his career at the fire department. He was assigned to my shift at HQ and from then on we shared time together. We got to spend some time at the lake with a bunch of shift guys and their wives enjoying our down time from work. Tim was a nice guy with a lot of interesting stories from his time in the Coast Guard. Tim will be missed but remembered by all of us. Donna and I will be praying for the friends and family. May God bless you all. Barry and Donna Neal.
